Room high creates privacy!

With room-high WC partitions you can give your customers, guests, or employees their own private area in public and semi-public WC rooms. The ceiling-high construction of the EF-3 ALTUS WC partition wall is not only a design element but also part of the room design. Doors, side, and dividing walls are closed from floor to ceiling. The background noise is minimised, and a private area is created for the users, which guarantees maximum privacy.

BLACK LINE

BLACKLINE. Uncompromisingly black.
A very special design variant of the EF-3 ALTUS cubicle type: the BLACKLINE.
All BLACKLINE profiles and fittings are in elegant black to match the black tile surfaces. This combination creates a special look that gives the sanitary area an exclusive and high-quality ambience.
